

## **The Actuality of Peirce's Thought. The 2014 Lisbon Centennial Peirce (1839-1914) Workshop**

### **Call for Participation**

Please sent an abstract of an original proposal between 250-500 words asap, indicating as well your affiliation and name and a short bio in doc(x). and .pdf to the organizer latest 25st of October 2014 to this email address: alexandergerner@gmail.com with the following heading [Peirce Lisbon 2014, your name]

You will be notificated asap (latest 25th of October)

Each chosen paper will be offered 20 min of presentation time and a 15min discussion afterwards and time to debate Peirce's actuality and importance for a Philosophy of Technology.

There will be no inscription fee (and unfortunately no travel or accommodation refund is possible, although we can help you find accomodation)

There will be a peer reviewed book proposal later on Peirce's Actuality for a Philosophy of Human Technology in May 2015 (please also indicate if you would be interested in submitting your original paper in May 2015 as well)

### **Possible Topics (among others) for participation:**

- Peirce and Philosophical approaches to Cognitive Enhancement
- Peirce and Virtual Enhancements of the Mind
- The Actuality of Peirce's doctrine of Dicisigns
- Technologies of thinking: Tool use and model based thinking, writing and diagramming techniques
