

Draft 02.12.14

Science for Policy: Post-Normal Science in Practice

Symposium hosted by: Centre for the Study of the Sciences & the Humanities (SVT),
University of Bergen

location: [Main Auditorium Faculty of Law](#), University of Bergen

09.00-09.30	Coffee, morning refreshments
09.30-09.45	Opening of Symposium Matthias Kaiser, SVT Director
09.45-9.55	Science for Policy from UiB's perspective To Be Announced
10.00-10.10	Symposium Welcome & Agenda Dorothy Dankel (SVT & Institute of Marine Research)
10.10-10.40	History and reason for Post-Normal Science Silvio Funtowicz (SVT) & Jerome Ravetz, co-founders of Post-Normal Science
10.40-10.55	Coffee/Tea
10.55-11.35	"Tools for Post-Normal Science" Jeroen van der Sluijs (SVT) Discussant: Angela Pereira (EC-JRC)
11.35-11.55	"Post-normal science under conditions of co-production; what would post-normal policy look like?" Brian Wynne (University of Lancaster) Discussant: Tom Børsen (Aalborg University)
12.00-13.00	Lunch, Cafeteria of the Faculty of Law (same building)
13.00-13.30	"Fisheries science for policy" Martin Pastoors (Pelagic Freezer-Trawler Association) Discussant: Mimi Lam (University of Vancouver)
13.30-14.00	Climate Science/IPCC & Post-Normal Science Joyeeta Gupta, University of Amsterdam Discussant: Martin O'Connor (University of Versailles, Saint Quentin)
14.00-14.15	Coffee/Tea
14.15-14.45	"The role of scientists in a sustainable peer-to-peer society" Diana Wildschut, University of Amersfoort Discussant: Kari Stange (University of Wageningen)
14.45-15.15	"Notes on a Proactionary approach (principle, process or imperative) on Enhancement in Post-Normal Science" Alexander Gerner (University of Lisbon) Discussant: Corinna Schrum (Geophysics Institute, UiB)

15.15-16.00	Break-Out Sessions (according to themes), putting post-normal science into practice, with <i>Rapporteurs</i> 3 rooms, participants choose the room closest to their topic of interest	Climate Science for Policy <i>Jeroen van der Sluijs & Anne Blanchard</i> Marine Science for Policy <i>Dorothy Dankel & Kari Stange</i> Bio-Medical for Policy <i>Roger Strand & Nora Vaage</i>
16.00-16.30	Break-Out Session Reporting in plenary by Rapporteurs Moderator: Dorothy Dankel	
Day II		
09.00-09.30	"Disentangling the ambiguity of peak oil: What economists and engineers do not understand" Mario Giampietro (Autonomous University of Barcelona) Discussant: Matthias Kaiser (SVT)	
09.30-10.00	"Mathematics education and post-normal science" Kjellrun Hiis Hauge (University College of Bergen) Discussant: Martijntje Smits (University of Utrecht)	
10.00-10.30	"When the earth shakes ... and science with it: the L'Aquila case" Alice Benessia (University of Torino) & Bruna De Marchi (SVT) Discussant: Martin Pastoors (Pelagic Freezer-Trawler Association)	
10.30-10.45	Coffee/Tea	
10.45-11.15	"Sensitivity Auditing" Andrea Saltelli (EU-JRC) Discussant: Anne Blanchard (SVT)	
11.15-11.45	Panel Discussion (invited panel members): <ul style="list-style-type: none"> • Joyeeta Gupta • Silvio Funtowicz • Angela Pereira Moderator: Dorothy Dankel	
11:45-12.15	Plenary Closing session: The Future of Post-Normal Science & final words from Jeroen van der Sluijs	
12.15-13.15	Lunch and Departures
