

# Trainee's Project Report

|            |                              |
|------------|------------------------------|
| Job Code   | FP4946                       |
| Department | FP                           |
| Discipline | Experimental Applied Physics |
| Supervisor | CHESTA Enrico                |

## Description

Technology Transfer Facilitator. 1) Validate, update and enrich technical data on CERN Technologies with transfer potential to industry. 2) Liaise with CERN researchers and inventors to ensure the originality and correctness of the data. 3) Track advances in competing technologies. 4) Optimize the position of CERN technologies with respect to targeted domains of transfer.

## Special Requirements

Physicist or engineer with knowledge of one, or more, of the Technology Domains interesting for CERN: Applied physics and instrumentation, material sciences, computing, electronics, controls and data acquisition and accelerator physics.

## Training Value

Technology and Market Assessments Technology promotion Commercialization of Intellectual Property
